Safety and Security Department Mission Statement

The mission of the Campus Safety and Security Department is to promote and enhance the safety of the members of the college community and the security of all the campus' facilities. The Department enforces, in an effective, consistent, and fair manner, institutional policies and municipal and state laws in support of the academic mission. Providing professional security services to the academic community and educating its' members on awareness of safety and security issues are the Department's most important objectives and responsibilities.

Annual Security Report and The Campus Security Act

The Jeanne Clery Disclosure of Campus Security Policy, the Campus Crime Statistics Act and the Violence Against Women Reauthorization Act require all colleges and universities in the United States to report their crime statistics, campus security/law enforcement policies, and reporting procedures to the United States Department of Education and the campus community on an annual basis. The Campus Security Act requires colleges and universities to publish an annual report showing crime statistics for the past three (3) years; Disclose crime statistics for the campus and adjacent public areas; provide "timely notice" warnings of those crimes that have occurred and pose an ongoing threat to students and employees and disclose in a public log any crime that has occurred on or near the campus and make the log available for viewing during normal business hours. This report also provides information on safety and security programs and services available in compliance with the VAWA amendment.

The report is prepared in cooperation with local and state law enforcement agencies having jurisdiction on our campus sites. The report can be accessed on the College's website and copies are available from the Department of Campus Safety and Security. Colleges and universities in Pennsylvania also report this information under a similar act, Pennsylvania Act 73, which requires colleges and universities to report crime statistics to the Pennsylvania State Police and the campus community.

Luzerne County Community College makes available this Annual Security Report by October 1st of each year to every member of the college community.

Campus Information

Luzerne County Community College is a co-educational college located on 167 acres of land in the city of Nanticoke, Pennsylvania. The college enrolls approximately 5,500 full-time equivalent students in its day and evening programs. The college also has approximately 340 non-student employees working on campus. The college does not have any recognized off-campus student organizations or housing facilities.

The college campus is an open community without fences or physical barriers in a semi-rural area. Security on campus is considered everyone's responsibility. Community members are encouraged to report suspicious behavior or incidents to a Campus Security Officer as soon as the incident is noticed. Luzerne County Community College remains one of the safest campuses in the nation. The webpage of the U.S. Department of Education provides statistics for all colleges and universities in the United States.

While the primary responsibility for the safety and security of the campus lies with the Department of Campus Safety and Security, each member of the college community must accept responsibility for his or her own personal safety. The cooperation, involvement and support of the campus community in an overall campus safety program are crucial to its success. The welfare of all who work, attend or visit Luzerne County Community College is of paramount importance to the Campus Safety and Security Department.

Campus Hours of Operation

The campus facilities are normally open to students, faculty, employees, contractors and visitors during the hours of 8 a.m. until 10 p.m. – Monday through Saturday. For all other times, it is the responsibility of Campus Security to open and re-secure facilities as scheduled. Campus Security personnel are always on duty, 24 hours a day, weekends and holidays included.

Responsibilities: Administrators and Security Staff

The Campus Safety & Security Department is the administrative office responsible for safety and security on the campus. This includes the Director of Public Safety & Security who oversees and coordinates the safety and security needs of the college and reports directly to the College President. The Director of Public Safety & Security is a full-time administrator with over twenty years of progressive security experience.

The LCCC Campus Safety and Security Department presently consists of five full-time and one part-time uniformed security officers. All LCCC Campus Safety and Security officers are certified under Pennsylvania Lethal Weapons Training Certification (Act 235) and receive annual training in first aid and CPR/AED and investigations of sex-related and domestic violence crimes. All security officers have been trained in handling, or at least stabilizing, most emergency situations such as fire, disturbances, and medical emergencies. Security personnel are also trained and certified in the use of defensive weapons and are authorized to carry firearms, batons, pepper spray and handcuffs. Security personnel do not have arrest powers other than the right to restrain and detain an individual involved in suspected criminal activity as per the PA Rules of Criminal Procedure. The College also utilizes contracted uniform security services for its dedicated centers and supplemental security services as needed on the main campus.

4

The Campus Safety and Security Department has the responsibility to ensure the safe travel of pedestrians and vehicles on campus, providing escorts for students and staff. Security Officers have the authority to enforce parking and moving violations on campus. The Department reserves the right to ticket and/or tow any vehicle parked in violation of College rules and to impose appropriate administrative fines and penalties.

Security Patrol Procedures

Regular patrol duties of campus security personnel include responding to calls for assistance and constant observations of conditions that may render an unsafe campus environment. Any information regarding lighting, overgrown wooded areas, walkways, pathways, and deteriorated or unsafe conditions are reported to the Director of Public Safety and Security. This includes such information as the hazard, its location, and recommended corrective action. The appropriate administrative personnel will then be contacted so that corrective action can be taken.

Facilities

Members of the LCCC Physical Plant staff routinely care for the buildings and grounds and ensure the aesthetic quality of the campus is balanced with the safety and security needs. Input and suggestions are welcomed from students and staff to ensure an attractive and safe campus. Outdoor lighting is a continuous high priority. Lights in disrepair are reported immediately to the Physical Plant Department. Outdoor lighting conditions are monitored daily by security officers on their routine patrols and complete routine inspection reports.

Crime and Incident Reporting Procedures

The entire College community is encouraged to report anything suspicious or of a criminal nature occurring on College owned or controlled property. Reports may be made in person at the Campus Security Office; by telephone by dialing 570-740-0304 or by e-mail to security@luzerne.edu or to Douglas Fawbush, Director of Public Safety and Security dfawbush@luzerne.edu 570-740-0305. This does not preclude, in urgent situations, directly contacting the Nanticoke Police Department at 570-735-2200 or by Dialing 911.

Security personnel initially handle all non-criminal and criminal incidents reported. It is left to the discretion of the Director of Public Safety and Security, with permission of the victim when appropriate, as to the seriousness of the offense and as to whether or not state or local officials should become involved. All investigations are to be conducted as thoroughly as possible and brought to a close as quickly as time and circumstances allow. The College maintains a professional relationship with the Nanticoke City Police Department and the Luzerne County District Attorney's Office. There currently is no written agreement or memorandum of understanding between the College and the municipal police department. The dedicated centers of the college include, but are not limited to, the following: The Wilkes-Barre Center, the Berwick Center, the Hazleton Center, the Pittston Center, the Northumberland Center in the City of Shamokin, Greater Susquehanna Center in Watsonstown, and the Scranton Center. The Campus Safety and Security Department maintains a professional relationship with all local law enforcement agencies that have jurisdiction for those locations.

All non-criminal incidents are referred to the appropriate division head when appropriate. Criminal incidents may be referred to the Nanticoke City Police Department and/or the Pennsylvania State Police. State and local police may be summoned to campus to assist security officers in any way necessary. The Nanticoke Police also provide periodic patrols through the main campus.

5

Response to Sexual Violence

In accordance with Pennsylvania state and federal law, referred to as the College and University and Security Information Act 73 and the Student Right to Know and Campus Security Act, respectively, Luzerne County Community College, in accordance with the Higher Education Act, will report sexual assault crime statistics and provide guidelines and information on sexual assault to students and LCCC employees.

In the case of a sex offense, a victim, witness, or anyone with knowledge of such an act should notify the local police, Campus Safety and Security Department and/or the Human Resources Office. Should a sexual assault occur on campus or at a college-sponsored activity off campus, the college has an obligation to report the violation to the appropriate law enforcement agency. In addition to being subject to possible criminal liability, a student may be subject to discipline as per the Student Code of Conduct. A victim of sexual assault has several options with regard to how the case is handled, including but not limited to;

1. File criminal charges through the local police department.
2. File a complaint through the college disciplinary system
3. File a complaint/charges with both concurrently.

It is extremely important to preserve physical evidence until law enforcement authorities can arrive on the scene. Victims of a sex offense will also be assisted by college personnel in notifying the police if desired. Counseling and support services are available to victims of crime, including sexual assault. All reasonable accommodations will be made as requested by the victim if available.

Victims and witnesses are also able to report crime on a voluntary, confidential basis. Reports of this nature are filed for informational purposes, but there is no formal investigation of the incident. Counselors, from the Student Development Center, who are informed by persons they are counseling of the commission of a crime, shall also inform that person that crimes can be reported to the Campus Safety and Security Department on a voluntary, confidential basis for inclusion in the college's crime statistics only.

During formal campus disciplinary proceedings that involve an alleged crime or violent incident, including sexual offenses, both the accused and the victim may have someone accompany her/him and be present at all of the proceedings. Both the victim and the alleged perpetrator will be notified of the outcome of these proceedings. Disciplinary action can include suspension, immediate expulsions and other remediation. Please refer to the student handbook for campus disciplinary procedures.

Your Rights as a Crime Victim

You have rights as a victim of a crime. In addition, there are standards of service that you can expect to receive as a victim of a crime. The standards help ensure that you receive information, practical and emotional support, and are able to participate fully in the criminal justice system. These standards were created to make sure that you are treated with dignity and respect at all times, regardless of your gender, age, marital status, race, ethnic origin, sexual orientation, disability or religion.

Timely Warnings

In the event that a situation arises, either on or off campus, that, in the judgment of the Department of Campus Safety and Security and the College, constitutes an ongoing or continuing threat, a campus wide 'timely warning' will be issued. The warning will be issued through the college e-mail, broadcast messages and the Alertus portal systems to students, faculty and staff. Depending on the particular circumstances of the incident, especially in all situations that could pose an immediate threat to the community and individuals, the Department of Campus Safety and Security may provide the College community with more immediate notification.

In such instances, a copy of the notice is posted on and in campus buildings which may be affected by the particular threat. The College may also provide warnings via the College's text messaging notification system which alerts college community members by e-mail and/or text messages on their cellular phones.

Campus Communication

The College community is informed about safety and security matters periodically through the publication of a Security Policy Statement by way of student and staff intranet and broadcast messages. In the event of an emergency, information is provided to the College radio station, the College website, video display monitors in all buildings, computer and phone broadcast messages and the College's Alertus Notification System, outside mass alerting system and College's text messaging system.

Emergency Response and Evacuation Guidelines

The College periodically conducts evacuation and fire drills individually and separately for each campus building. In non-fire emergencies, a decision to evacuate will be based on the information available at the time, i.e., the specific threat type, its context (time of day, location, likelihood, etc.) and the recommendations of the Campus Emergency Response Team. When an order is given to evacuate a building for any reason, occupants shall be instructed to follow incident specific life safety survival skills, not to use elevators and to evacuate by way of the nearest safe stairway or egress point. Occupants will be instructed to exit the building and proceed to a pre-designated evacuation area. Campus Security Officers and College Staff all have responsibilities during an evacuation including assisting those with disabilities. The College's emergency response and evacuation procedures will be tested annually as determined by the Director of Safety and Security. The Comprehensive Emergency Response Plan be viewed in its entirety on the College website at www.luzerne.edu/security and the College intranet.

Contacting Campus Safety and Security

To report an emergency or crime, students, faculty and staff may call, write or walk into the Office of Campus Security located in Building 1. The Campus Safety and Security office can be reached by phone at any time 570-740-0304.

At all hours, **Security can be contacted directly by cell phone at (570) 239-0128.**

Campus Security has direct radio communication with police, fire and EMS responders.

7

Incident/Crime Reports

The Campus Safety and Security Department maintains a record of reported crimes and incidents that occur on campus and adjacent public property. It includes the nature, date, time, and location of each incident, in addition to the incident disposition. Reports are available to the college community for viewing during normal business hours in the Campus Safety and Security office located in Building 1.

Campus Surveillance Systems

The College is committed to enhancing the quality of life throughout the campus community by integrating the best practices of public and private security with state-of-the-art technology. A critical component of the comprehensive security plan is video surveillance.

The College, including all off-campus centers, are protected by an extensive video surveillance system. Video monitoring and recording are conducted in a manner consistent with all College policies. Information obtained through video recording will only be used for security and law enforcement purposes and for compliance with College regulations and can only be released when authorized by the College President or Provost, in accordance with policy procedures. Video monitoring of areas for security purposes is limited to locations that do not violate the reasonable expectation of privacy as defined by law.

College Workplace Safety Committee

The College has a Workplace Safety Committee in place that meets monthly to review all accidents and incidents, as well as safety recommendations, which occur on campus during the previous month. The Committee is certified annually by the Pennsylvania Department of Labor and Industry and strives to ensure a safe and healthy work environment for all employees, students, visitors and general public as well as to protect all buildings, grounds and other property.

Comprehensive Emergency Response Plan

The college has adopted a Comprehensive Emergency Response Plan that provides recommended procedures to be followed during specific types of emergencies that could potentially result in personal injury, loss of life and/or loss of property. Since an emergency is often sudden and without warning, the procedures outlined in the plan are designed to be flexible in order to accommodate contingencies of various magnitudes. Specific types of emergencies addressed in the plan include fires, medical emergencies, chemical spills, bomb threats, weather emergencies, etc. The College works closely and continuously with the Nanticoke City Police and Fire Departments, the Luzerne County Emergency Management Agency and other public safety agencies to ensure the safety of the entire college community. The plan is reviewed annually by the College Safety Committee and updated as needed. The plan is provided to college staff and the Luzerne County Emergency Management Agency and can be viewed at www.luzerne.edu/security and on the college's student and staff intranet.

Due to the close proximity (within the 10-mile exposure pathway) of the PPL Susquehanna Steam Electric Station located in Salem Twp., it is important that college staff and students are aware of proper emergency procedures in the event of a nuclear accident. There are four stages of emergency classifications at a nuclear plant. They are as follows:

- (1) Unusual Event: A minor problem has occurred at the power plant; no release of radioactivity is expected,
- (2) Alert: A minor problem has occurred that is not expected to affect power plant safety.
- (3) Site Area Emergency: A more serious problem has occurred. It may affect major plant safety systems, but any release of activity is not expected to exceed federal limits beyond power plant property.
- (4) General Emergency: A problem has occurred involving serious damage at the power plant and the release of radioactivity beyond the power plant property is expected.

The College and the surrounding area are protected by an early-warning siren system which is used for notification of nuclear emergencies, chemical spills, severe weather, etc. When you hear the siren, it is not necessarily a nuclear emergency.

- The siren system is tested monthly. The College is notified in advance.
- A steady tone, lasting three to five minutes, is used to alert the community to tune the Emergency Broadcast System for further instructions. *It is not an evacuation signal.*
- Campus Security maintains direct radio communication with emergency officials.
- In the event of an incident, information would be displayed on video monitors, the text messaging system.

Only the Governor of Pennsylvania can order and compel a mass evacuation of the population. If such an evacuation is ordered, notice of the order will be sent to the College by the Pennsylvania Emergency Management Agency.

Student Identification Cards

Each student enrolled in credit course(s) may be issued an official student identification card. If enrollment is terminated or interrupted, the card must be returned to the Campus Security Office. A current and valid student identification (ID) card is required to use the Fitness Center, Gymnasium and Computer Labs, and may be required for various student activities and other College functions. Students may obtain a student ID in Campus Safety and Security Office building 1.

Criminal Records

Information obtained regarding criminal conduct of an employee is obtained through the personnel application and qualification forms. This information is then reviewed and judged on its merits. This information is not requested on the student application.

Drug and Alcohol Policy

The consumption or possession of alcoholic beverages by students on or about the campus at any time is forbidden. By state law, anyone under the age of 21 who purchases, or attempts to purchase, possesses, consumes or transports any alcoholic beverage is subject to a fine, imprisonment, or both. The possession, use or sale of illegal drugs is not allowed at any time on campus. Any members of the college community caught consuming, using, selling, providing, or possessing any illegal drug will be turned over to the local or state police for prosecution and may also be subject to dismissal from the college. The College's alcohol and drug policies, including disciplinary procedures and possible sanctions are further described in the College student handbook and policy manuals.

9

Firearms and Other Weapons

The possession or use of firearms, explosives, chemicals, and other lethal weapons on college property by unauthorized persons is strictly forbidden. Also prohibited are any CO2 and spring-propelled guns. Individuals who have a permit to carry a concealed firearm may not bring the firearm on campus or to college-sponsored events on or off campus. Only authorized on-duty law enforcement or campus security personnel may possess a firearm on college owned or controlled property.

Sexual Assault, Domestic Violence, Dating Violence and Stalking Policy

Any act of sexual violence, domestic violence, dating violence or stalking, including but not limited to *sexual assault* (Pa. Title 18 Section 3124.1) and *rape* (Pa. Title 18 Section 3121), violates Pennsylvania law as well as the standards of conduct of Luzerne County Community College and is prohibited on any College campus or facility as well as facilities used by the College for educational programs and/or sponsored activities. LCCC is committed to the education of students, faculty, and staff about sexual and domestic/dating violence and stalking, to the prevention of these acts involving members of the campus community, and to the provision of an appropriate response when any of these acts occur. Prevention/education/ awareness programs, training and communication regarding sexual violence, stalking, and domestic and dating violence occur regularly at the College.

The College encourages the timely reporting of any incident of sexual assault, domestic violence, dating violence and stalking to an appropriate party (see the Sexual Assault, Domestic Violence, Dating Violence, and Stalking Reporting Procedure). However, the victim maintains the right not to report such incidents to the College or to law enforcement. If the incident is reported to the College, all information will be held as strictly confidential. Publicly available recordkeeping will be accomplished without including identifying information about the victim, to the extent permissible by law.

The College is obligated under law to report any sexual assault, domestic and dating violence, and stalking incidents to local law enforcement. If the victim prefers, her/his name will not be included in the crime report submitted to law enforcement. No legal action will be taken by College authorities without the victim's knowledge and permission. The victim will be advised of her/his option to contact local law enforcement and provided with legal information regarding such crimes.

LCCC employs Campus Security Officers and professionals who are trained to assist victims in reporting crimes and obtaining help, including immediate medical care, counseling and other essential services. The College also maintains information on both internal and external services available to students who are victims of sexual assault, domestic or dating violence, and stalking. This information will be provided to any individual reporting such an incident to the College.

If an incident of sexual assault, domestic or dating violence, or stalking is reported to any employee of the College, the employee is obligated to report the incident to the College Safety and Security Office and/or the Student Development Office, even if the individual who reported the incident doesn't want any action taken. The reporting individual will remain anonymous if requested.

All reports of sexual assault, domestic or dating violence, and stalking incidents occurring on College-owned or College-operated property will be fully investigated by the College with consent of the victim, with appropriate disciplinary action taken (in the event the perpetrator is an LCCC employee or student). All such investigations will afford both the accuser and the accused the right to have others present during proceedings; the accuser and the accused shall be notified of the outcome of College disciplinary proceedings. College sanctions will be imposed in accordance with College disciplinary procedures for employees and students found to have violated this policy. Sanctions include, but are not limited to, suspension and expulsion. An employee committing sexual assault, domestic or dating violence or stalking is subject to internal disciplinary proceedings with sanctions up to employment termination in accordance with College disciplinary procedures and/or collective bargaining agreements as relevant to the employee. An individual criminally charged with sexual assault, domestic or dating violence, or stalking may be subject to prosecution under Pennsylvania law. College employees and peer confidentiality is not protected in a court of law.

DEFINITION OF UNLAWFUL HARASSMENT

Sexual Harassment

The College is committed to (1) assuring that no employee’s job, continued employment, evaluation, promotion or other aspect of career development will be dependent upon a favorable response to sexual advances or demands; (2) assuring that no student’s status, grade, or other aspect of his/her education, will be dependent upon a favorable response to sexual advances or demands;

(3) providing a means of resolving what is considered by the employee or student to be sexual harassment; and (4) taking prompt and appropriate action to correct any such situations.

Sexual harassment constitutes discrimination and is illegal under federal, state, and local laws. It is defined as unwelcome sexual advances (either verbal or physical), requests for sexual favors, and other verbal and/or physical conduct of a sexual nature that is unwelcome, personally offensive, lowers morale and, therefore, interferes with work or academic effectiveness. It also includes conduct that is not overtly sexual but is directed at an employee or student because of his or her gender. It generally refers to situations in which one or more of the following are present (this list is not all-inclusive):

- (1) submission to such conduct is made an implicit or explicit term or condition of one’s employment or academic status.
- (2) submission or rejection of such conduct is used as a basis for employment or academic assessment decisions; and

- (3) such conduct has the purpose or effect of unreasonably interfering with an individual's work or academic performance or creating an intimidating, hostile, or offensive work environment

Sexual harassment may include a range of subtle and not so subtle behaviors and may involve individuals of the same or different gender. Depending on the circumstances, these behaviors may include, but are not limited to: unwanted sexual advances or requests for sexual favors; sexual jokes and innuendo; verbal abuse of a sexual nature; commentary about an individual's body, sexual prowess or sexual deficiencies; leering, whistling or touching; insulting or obscene comments or gestures; display in the workplace/academic environment of sexually suggestive objects or pictures; and other physical, verbal or visual conduct of a sexual nature. It also includes conduct that is not overtly sexual but is directed at an employee or student because of his or her gender.

Sexual harassment does not refer to occasional compliments of a socially acceptable nature. It refers to behavior that is not welcome and is personally offensive to the recipient or others who are witness to the behavior.

Other Unlawful Harassment

Harassment on the basis of any other protected characteristic is also strictly prohibited. Under this policy, such harassment includes verbal or physical conduct that denigrates or shows hostility or aversion toward an individual because of his/her race, color, religion, gender, sexual orientation, national origin, age, disability, marital status, citizenship or any other characteristic protected by law or that of his/her relatives, friends or associates, and that: (i) has the purpose or effect of creating an intimidating, hostile or offensive work/academic environment; (ii) has the purpose or effect of unreasonably interfering with an individual's work/academic performance; or (iii) otherwise adversely affects an individual's employment/educational opportunities.

Harassing conduct includes, but is not limited to: epithets, slurs or negative stereotyping; threatening, intimidating or hostile acts; denigrating jokes; and written or graphic material that denigrates or shows hostility or aversion toward an individual or group and that which is placed on walls or elsewhere on the employer's premises or circulated in the workplace/academic environment.

14

INDIVIDUALS AND CONDUCT COVERED

This policy applies to all applicants for employment, employees, students and visitors to the College, and to conduct engaged in by fellow employees, supervisors, managers, students or anyone not directly connected to the College, including but not limited to customers, consultants, and outside vendors. Conduct prohibited by these policies is unacceptable in the workplace/academic environment and in any work- or academic-related setting outside College property, such as during business trips, business meetings, and business-related social events, field trips, sporting competition events and other College-related activities.

REPORTING HARASSMENT, DISCRIMINATION, AND RETALIATION

The College will not tolerate sexual or other types of harassment and/or discrimination and will act to eradicate problems as they arise. Although the College is committed to protecting individuals from harassment, discrimination, and retaliation, it cannot protect individuals from such behavior if it is unaware that it is occurring. It is the responsibility of anyone who has been the subject of harassment, discrimination, or retaliation, or has become otherwise aware of its occurrence, to report the incident(s) immediately.

Anyone who feels that he or she has been a victim of harassment, discrimination, and/or retaliation should immediately report such incidents to his or her supervisor, department head, or the Dean of Human Resources. In addition, the College encourages individuals who believe they

are being subjected to such conduct promptly to advise the offender that his or her behavior is unwelcome and request that it be discontinued. Often this action alone will resolve the problem. The College recognizes, however, that an individual may prefer to pursue the matter through a complaint procedure. The College's detailed Discrimination Complaint Procedure can be found on the College's Intranet under College Forms and Resources/Human Resources.

The College encourages the prompt reporting of complaints or concerns so that rapid and constructive action can be taken before relationships become irreparably strained. Therefore, while no fixed reporting period has been established, early reporting and intervention have proven to be the most effective method of resolving actual or perceived incidents of harassment.

INVESTIGATION OF COMPLAINTS

Any reported allegations of harassment, discrimination, or retaliation will be investigated promptly. The investigation may include individual interviews with the parties involved and, where necessary, with individuals who may have observed the alleged conduct or may have other relevant knowledge.

Confidentiality will be maintained throughout the investigatory process to the extent consistent with adequate investigation and appropriate corrective action.

Retaliation against an individual for reporting harassment or discrimination or for participating in an investigation of a claim of harassment or discrimination is a serious violation of this policy and, like harassment or discrimination itself, will be subject to disciplinary action. Acts of retaliation should be reported immediately and will be promptly investigated and addressed.

Individuals are assured that this policy has been established for their benefit to allow them the freedom to express their feelings and/or complaints. No employee or student should fear that he or she will be penalized for making use of the policy, as the College's primary concern is that harassment be reported so that it can be stopped.

CONCLUSION

The College has developed this policy to ensure that all of its employees, students, vendors and all visitors to the College can work and study in an environment free from harassment, discrimination, and retaliation. The College will make every reasonable effort to ensure that all individuals are familiar with this policy and aware that any complaint in violation of such policies will be investigated and resolved appropriately. Any employee who has any questions or concerns about this policy should talk with the Director of Human Resources.

False and malicious complaints of harassment, discrimination or retaliation as opposed to complaints which, even if erroneous, are made in good faith, may also be the subject of appropriate disciplinary action.

Finally, this policy should not, and may not, be used as a basis for excluding or separating individuals of a particular gender, or any other protected characteristic, from participating in business or work-related and/or academic-related social activities or discussions. In other words, no one should make the mistake of engaging in discrimination or exclusion in order to avoid allegations of harassment. The law and the policies of the College prohibit disparate treatment on the basis of gender or any other protected characteristic, with regard to terms, conditions, academic and public environment, and privileges of employment. The prohibitions against harassment, discrimination, and retaliation are intended to complement and further those policies, not to form the basis of an exception to them.

Sex Offender Notification Statement – Megan’s Law

The Federal Campus Sex Crimes Prevention Act, effective October 28, 2002, states that higher education entities be involved in community notification regarding campus affiliates and that such entities issue a statement advising the campus community where law enforcement agency information provided by a state regarding registered sex offenders may be obtained. The Campus Sex Crimes Act also mandates that sex offenders who are already required to register in a state to provide notice of each institution of higher education in that state at which the person is employed, carries on a vocation, or is a student. In turn, The State of Pennsylvania is obligated to notify Luzerne County Community College when any registered individual convicted of one or more of eight separate offenses registers as a student or becomes employed by the college.

Luzerne County Community College, Department of Safety and Security, in compliance with the Campus Sex Crimes Prevention Act, is obliged under law to make information available to the college community in order to afford the community with the opportunity to be aware of the condition of their environment concerning known sex offenders. This information is not to be used in any other fashion or for any other purpose. Information regarding the enrollment or employment of convicted sex offenders is available from the Luzerne County Community College Safety and Security Office.

Information regarding Sex Crimes Offenders is available on the Pennsylvania State Police Megan’s Law Sex Offender Registry accessible through the internet at:
